

SUPPLEMENT 1

Name of the medicinal product

KanJang Andrographis® with fixed combination of Andrographis paniculata herb extract and Eleutherococcus senticosus root extract.

Pharmaceutical form

Capsules

Indication for use

Herbal Medicinal Product for the “*reduction in the severity and duration of symptoms of uncomplicated respiratory tract infections (common cold)*”.

Dosage

The recommended daily dose is 2 capsules 3 times per day for adults.

Quantitative Composition

Substance	Quantity per one capsule, mg
Active ingredients	
Herba Andrographidis standardised extract containing 66-110 mg of native dry extract (DER 4,5-8,0 :1, extraction agent - ethanol* 70 %, V/V) corresponding to 10 mg of the sum of andrographolides (andrographolide and deoxydidehydro-andrographolide) and 45-67% of maltodextrin** (adjuvant for adjustment)	250
<i>Radix Eleutherococci</i> root extract, containing 11.4 mg of native dry extract (DER 17-30:1, extraction agent – ethanol 70%, V/V) , corresponding to 194-342 mg of herbal substance (<i>Radix Eleutheorococci</i> , standardized for the content of eleutherosides B and E (0.4 mg/capsule) and 50% of maltodextrine** (adjuvant for adjustment)	22,8
Inactive ingredients	
Microcrystalline cellulose	70
Magnesium stearate	7.2
Vegetable capsule	75
Total weight	425 ± 21

Kan Jang Andrographis

Clinical study in Armenia

Product: **Kan Jang Andrographis**
 Product category: Herbal medicinal product
 Dosage form: capsules
Daily dose: 6 capsules size 1
 Batch number: 50145
 Batch size: 5000 capsules

Composition

Ingredients	Ratio	Ratio ^{native} extract	1 capsule contains		
			herbal substance , mg	native extract, mg	dry extract, mg
<i>Andrographis paniculata</i> herb, dry extract batch nr: 1521114	3.9:1	6.7:1	1003.47	195.7 10mg andrographolides	249,0
<i>Eleutherococcus</i> <i>senticosus</i> , radix dry extract, batch nr:1521077	9,00:1	18.00:1	205.00	11,4	22,8
Microcrystalline cellulose, batch nr. 1960752					85,0
Magnesium stearate, batch nr. 1960738					7,2
Total					364,00
Capsules of plant origin size 1, colour: clear, weight – 76 mg					
Hypromellose – 100%, water content – 6%					
Filled capsules weight			440,00mg±33mg		

Product: **Placebo**
 Product category: Herbal medicinal product
 Dosage form: capsules
Daily dose: 6 capsules size 1
 Batch number: 50137-1
 Batch size: 4000 capsules

Composition

Ingredients	1 capsule contains, mg
Lactose monohydrate, batch nr. U2EX 417	205
Decaffeinated coffe, batch nr. U2EX 424	151
Magnesium stearate	8
Total	364
Capsules of plant origin size 1, colour: clear, weight – 76 mg	
Hypromellose – 100%, water content – 6%	
Filled capsules weight	440 mg±33 mg

Cust.No: 91778

Certificate of analysis

Report-No.: 12461844- 40 001
Cust.-lot: 1521077
Sample labelling: Eleutherococcus sicc. extr
Sample description: brown powder
Packing: PE-container with screw closure
Receipt of sample: 24.02.11

Test	Unit	Limits	Testresult
Microbiology: Category B, Herbal medicinal products containing, for example, extracts and/ or herbal drugs, with or without excipients, where the method of processing (for example, extraction) or, where appropriate, in the case of herbal drugs, of pre-treatment reduces the levels of organisms to below those stated for this category, according to Ph. Eur. 6.7, 5.1.8, SOP 803911:			Conform
Total aerobic microbial count (TAMC), SOP 300007	CFU/g	< = 50,000	180
Moulds, SOP 300014	CFU/g		< 10
Yeasts, SOP 300023	CFU/g		30
Total combined yeasts and moulds count (TYMC), SOP 300033	CFU/g	< = 500	30
Bile-tolerant gram-negative bacteria (semiquantitative, PN method), SOP 300044	CFU/g	< = 100	< 10
Escherichia coli (absence test), SOP 300058	/g	Absent	Absent
Salmonella (qualitative), SOP 300122	/25 g	Absent	Absent

Information on the method employed and on method characteristics is available to customers on request. The results apply to the supplied sample. Copying of the document is only permissible without any modification of the document.
